

CMC BSP Session 10
Group Time Discussion
June 24, 2005

Group Time Sharing Questions

- (a) Having spent 10 months to study this very difficult book, what are the top 5 things you have learned or benefited from the study? (Your answers do not necessarily have to be scriptural knowledge; friendship, love of bible, relationship with God, appreciation of prayers, etc. can be your choices too.) Do 10 minutes of brainstorming and discussion, and then spend another 5 minutes to agree on the top 5.)

- (b) If you were to name three themes in Revelation that impress you most (e.g. Mary, Heavenly Liturgy, martyrdom, marriage, Church Militant, transformation of the city of Jerusalem, etc.), what would you choose?

- (c) Do you feel like you now have a better grasp and appreciation of this book? In what way? In terms of understanding its various themes? In making sense of its symbolism? In knowing the meanings of specific terms, or objects, or characters? In knowing how to read Revelation within a covenantal context, i.e. in its relationship with O.T. promises and prefigurations? Please illustrate using examples.

Group leaders: Please write down your group's answers to questions (a) and (b) and email them to us within 3 days after meeting. Send your email to edmondkclo@yahoo.ca
